

You can pay for the selected services using a **bank card online**

After clicking the “Pay” button, you will be redirected to a **secure payment page** of the bePaid processing system at www.bepaid.by.

On the payment page, the order description and payment amount will be displayed. To complete the payment, you must enter your card details and confirm the payment by clicking the “Pay” button. If your card supports **3-D Secure technology**, the system will prompt you to complete the standard one-minute cardholder verification procedure on your bank’s page (the bank that issued your card).

After the payment is completed, our manager will contact you to clarify the details of the service.

Please note that after the payment is processed, a **payment confirmation** will be sent to the email address you provided. We ask you to keep this payment information.

Payments by bank cards are processed through the **bePaid electronic payment system** at www.bepaid.by. The bePaid payment page complies with all **data security requirements (PCI DSS Level 1)**. All confidential data is stored in encrypted form and is highly resistant to hacking. Access to the authorization pages is carried out using a protocol that ensures secure data transmission over the Internet (**SSL/TLS**).

Refunds are made to the card from which the original payment was made. The timeframe for the funds to be credited to the card is from **1 to 30 days** from the date the refund is processed.
